

CENTRAL OREGON WEDDINGS

Welcome to centraloregonweddings.com

Who are we? We're an online wedding vendor directory—and we're the only one in Central Oregon. Our site gets up to 17,000 hits per month and consistently comes up at the top of search engines.

Now we're under new ownership. And so a good thing is going to get a whole lot better.

We're completely focused on getting your company exposure. Our site is getting a new user-friendly design that's much more pleasing to the eye. We're always out there promoting the site—from setting up a booth at the Central Oregon Wedding Expo to networking with a wide variety of vendors.

Our site will become *the* resource for future brides and grooms. Future plans for the site include fun-filled articles and other important wedding information. We're even investigating mini-web sites for couples to be.

A decorative flourish consisting of a central horizontal bar with a dark grey background and a thin white border. The bar is flanked by intricate, symmetrical scrollwork and floral patterns in a light grey color. The top and bottom of the flourish feature a central vertical scroll that curves outwards and then back inwards, creating a balanced, ornate design.
